

# Ortik

for alpine use

## BODY LITE

Self Inflating  
Mattress

**INFLATION**  
High quality  
Inflating valve.

**COMFORT**  
2 different heights for  
comfort and lightweight.

**SURFACE**  
Anti sliding surface  
for comfort.

The Body Lite mattress was developed to reduce weight and improve comfort.

The increase of air space in the structural foam reduces weight while increasing comfort and insulation.

The anti sliding top surface keeps the user on top while sleeping.

### Specs

- . 68 D / 68 D polyester honeycomb ripstop
- . Anti-slip surface on top
- . 18 kg/m<sup>3</sup> foam density

### Weight
